2 School Elections In County Next Monday

Feldhauser Annexes

In a special election held Monday, June 7, 1965, the Grayling School District No. 3, Feldhauser School, voted to annex with the Grayling School District No. 1 Crawford and Kalkaska Counties. There was a total of 17 votes cast, on three separate propositions, first, whether or not to annex, second whether to assume the pro-rata share of school taxes of Grayling District No. 1, and third whether to raise the millage to meet the tax share.

Of 17 votes for No. 1 proposition, 16 were yes and 1 spoiled. Of 17 votes cast for proposition two, 15 were yes, 1 no and 1 spoiled. Of 16 votes cast for proposition 3, 12 were yes, 3 no and 1 spoiled.

With the annexation accomplished, voters in what was formerly the Feldhauser district may vote in Grayling District 1 annual school election if they are registered voters.

Meeting Views Cleanup Gains

The Grayling Housing Commission and the Citizens Participation Committee held their monthly meeting on June 3rd at 7:30 p. m. in the City Hall.

Each group reported on the progress made in their respective areas on the cleanup campaign. Some of the citizens have done a remarkable job and we thank them very much for all their work.

THE FORMER SAILOR Huddleston property at the corner of Madison and Fulton have been burned by the Fire Department. We thank both the heirs to these two estates for the wonderful cooperation in helping us make a neater, cleaner Grayling. Our thanks also to the firemen for helping on this project.

Many people who own vacant lots have raked and cleaned them up to improve the neighborhood. Mrs. Harwood removed an old shed behind her home which added to the looks of her corner. Lillian Houghton has removed a building next to her gas station and is planting flowers there. Charles Mosher tore down the old coal shed along the railroad tracks. Many people have torn off old porches, repaired fences, added on to their homes, and cleared their yards of junk cars.

These are just a few of the additions and improvements since our last meeting and a lot of people have promised to do more and we are working on them now.

We are proud of the accomplishments of the Committee and the citizens working together to make Grayling an attractive community which will attract both tourists and industry.

The City will cooperate in any way it can to help with old buildings which you wish taken down or burned and any member of the Housing Commission or Citizens Participation Committee will give you any help possible. Thank you for the courtesy shown the workers and for your sincere effort on this project. Let's not relax now.

Miss Florence was issued a ticket by the Sheriff's Department for driving too fast for road conditions.

On Friday, June 4, Jack Stevens, 20, of Route One, Grayling, received a reckless driving ticket from the Sheriff's Department. He was apprehended across from the Grayling Country Club.

Elementary School Savings Stamp Program Reopened

Principal Arthur Thayer of the Grayling Elementary School reports that the savings stamp program instituted there in January has been completed for this school year. As of Thursday, making a total of 21 weeks it was carried out in that time a total of \$2,578.80 was spent for savings stamps, which is an average of \$122.80 per week. Fifty-two bonds were delivered to participating students from this amount.

It is planned to resume the program next fall. Students who have completed stamp books may purchase stamps at the Post Office under the number 11 they wish.

At the half-hour in which the program was through the P.T.A.

The annual election for Grayling School District Number One will be held Monday, June 14th, 1965, in the high school gym. The polls will be open from 7:00 o'clock a. m. and remain open until 8:00 o'clock p. m. One trustee is to be elected.

Candidates will be running for a four year term which will expire June 30th, 1969. The term of President William Joseph is expiring.

Dr. Paul A. Dosch, James M. Kolka and Gerald A. McEvers have filed petitions with the Grayling School Board secretary indicating their willingness to serve on the board of trustees. One office is open for a four year term.

TWO POSTS on the Frederic School Board are available, the terms of Harold T. Johnson and James Madill expiring. Only one candidate, Jerome Heska of Maple Forest has filed a petition to serve according to board secretary, Mr. Johnson. Neither Mr. Johnson nor Mr. Madill are seeking re-election.

At the same time in what is apparently the first try for a four-county consolidation of intermediate school districts in Michigan, Crawford, Ogemaw, Oscoda and Roscommon Counties will conduct a vote of the people on June 14, 1965 at the annual school board election and at the same polling places.

PLAN NEW LIBRARY OPENING

The Crawford County Library is almost completed and ready for the occupancy of some 8,000 books and any person who regards books as their best friend. The anticipated opening will be held within the next three weeks, and all Friends of the Library are urged to attend the June 15 meeting at the new site, at 8 p.m. Election of officers, plans for moving books and the finalization of the dedication ceremony are on the agenda for that evening.

DR. PAUL DOSCH, Chairman of the Library Board, states that the much-needed federal loan that was reportedly awarded to our county for the new library, has finally been disapproved and will not be forthcoming. Friends of the Library and the Board, after much delay in

CITY FIREMEN ANSWER 4 CALLS

The Grayling Fire Department answered a call at 4:30 p.m. June 4 when fire of unknown origin broke out at the Bear Archery Company's sawdust hopper. The company's sprinkler system had the fire out before the Department arrived. This was the second such occurrence in the past three weeks.

On Saturday afternoon at 6:05 the Department answered a call for a car fire in a 1960 Corvair owned by Stanley Florence of Hazel Park. The car was a total loss.

On Sunday, June 6th, at 9:15 a.m. a car belonging to Terry Johnson caught fire from a short in the wiring, but was put out with only slight damage, according to the Department.

Sunday afternoon at 5:45 a fire of unknown origin broke out at the Sanitary Land fill and was extinguished by the Department.

The Firemen are pleased with the contributions that have been made to their fund drive. They will be completing their visits to business places soon, and a complete report of donations will be made. Any individuals wishing to contribute may still contact any member of the Department.

Just a reminder that the deadline for Banquet tickets is Saturday, June 12th. Tickets are available from Don Gothor at Peterson Hardware and Jim LaGrown at Bill's Laundry. Party tickets must be purchased in advance of the party which will be held in the Legion Dining Room right after the Banquet. You must be 21 years of age to attend.

Our Honor guests this year are two retiring teachers, one Mrs. Myrtle Milnes who has had 27 years of service in the Grayling Public Schools. She began her teaching career here in 1918 and after 5 years, left the profession to raise her family, Roy Jr., Class of '48 and Jane, Class of '44. During the war, in 1943, she returned to teaching. She has taught various subjects; her major, however has been in vocal music. Many of her vocal groups, due to her excellent directing, have been awarded high ratings.

The other, Mrs. Clara Sales of the Class of '15, retires on her Golden Anniversary. She started her teaching career in 1917 in Johannesburg until 1921. She left her profession for a time to return to Ypsilanti for a life certificate. From there she went to the Royal Oak schools for 2 years. At this time she married Jess Sales and did substitute work in the city of Detroit. She returned to Grayling in 1930 to make her home. In 1956 her teaching career resumed in the Grayling Public Schools in the Elementary grades, which has been the field of her service for 17 years. Many students of the Class of 1965 were in Mrs. Sales fourth grade class when she returned to this school.

A letter from Mrs. Frantz tells us that Bill is in the service and hopes to be in Grayling in the month of July. He would like to see some of his classmates from the class of '61.

Units of the 1st Brigade will begin arriving on Sunday morning with all elements reporting in camp by that evening. Four hundred vehicles will be involved in the motor movement from Indiana to Camp Grayling.

THE 1st BRIGADE, commanded by Colonel Robert E. Wilson, is composed of an infantry battalion, armor battalion, artillery battalion, and a variety of support-type elements. It has an approximate strength of 1500 men. This year the 1st Brigade will train with an equal number of National Guardsmen from Puerto Rico.

The Puerto Rican Guardsmen are from the 92d Infantry Brigade. The 92d also includes a battalion

of infantry, armor, and artillery as well as supporting units. It is commanded by Colonel Alberto A. Pico. The units of the 92d Brigade will be airlifted to Michigan on Sunday, June 13th, and then transported to Camp Grayling by bus.

Both Brigades will combine to present a Parade and Review on Saturday morning, June 19th. The public is cordially invited to attend this event which will take place at the Grayling Airport at 10:00 a. m. The Band of the 92d will provide the music for the Parade and Review.

The main body of Indiana's 38th Division will spend its two-week encampment at Camp Grayling later in the summer, August 1-15. The Indiana "Cyclone Division" is commanded by Major General Noble F. Schlatter.

Puerto Ricans to Make "Music"

The Puerto Rican National Guard Brigade arriving this weekend for summer training were so happy with the reception given them in the area last year that they wanted to reciprocate.

They have offered the services of their fine dance "combo" for a free teenage dance. It will be held on the evening of Wednesday, June 23rd at the Grayling High gym from 9 till 11:30. The dance will be sponsored by the Grayling St. Mary's Ladies who will see that chaperones are on hand. The dance floor is reserved for the teenagers but the public is welcome to attend to watch and listen from the bleachers.

On Tuesday night, June 22nd, Puerto Rican National Guard band will present a concert to be held at the Grayling Memorial Recreation Area near the new Grayling Elementary School. The change of site for the band concert is to afford more parking space and allow more people to watch and hear this fine military band. The concert is scheduled to start at 8 p.m.

Find Aerial Bomb Sunday

Still a puzzle to State Police and Camp Grayling officials is a 200 pound aerial bomb uncovered in a brush pile near I-75 business loop Sunday.

"I don't believe it came from any of our ranges," Billy Kinkert, Camp Grayling Superintendent said. "But I don't think it is dangerous. It looks like a practice or smoke bomb. It's all rusted and weathered, and looks like it has been laying around for years."

"We aren't taking any chances, though. We buried it several feet deep until a demolition team arrives at camp June 13. They'll be assigned to remove it."

State police said the bomb was discovered by Roy Swanson while he was cleaning out a rubbish pile behind a house he was going to rent across from the Southgate Motel on Business 1-75.

The site is about 200 feet from the motel, and the same distance from the road.

TREND IS TO LARGER, FEWER SCHOOL AREAS

Since 1962 when the Michigan Legislature enacted the Intermediate School District Law (Act 190), 11 annexations or consolidations have been made by the boards of education of 27 counties.

The number of districts has dropped from 83 before 1962 to 67 at present according to Dr. Roger Bolin of the State Department of Public Instruction. State school officials anticipate that consolidation will further reduce the number to between 55 and 60.

Consolidations or annexations of intermediate school districts (county boards of education) have produced these combinations:

Upper Peninsula — Barraga and Houghton; Alger and Marquette; Delta and Schoolcraft; Luce, Mackinac and Chippewa.

Lower Peninsula — Emmet with Charlevoix and part of Antrim; Cheboygan with Presque Isle and Otsego; Alpena with Montmorency and Alcona; Grand Traverse with Kalkaska and Benzie; Wexford with Muskegon; Oscoda with Mecosta and Bay with Arenac.

EDUCATORS SAY these mergers give each expanded intermediate school district a broader financial base without increasing taxes, and enough school children to enable them to provide special educational and health services which heretofore had been denied many children.

The Michigan Legislature has indicated a desire to provide improved educational services through more efficient school administrative organization. The law sets a deadline of June 1966 when state

monies (averaging about \$3,500 per annum now in each county) will be withheld for special school services if consolidation is not effected.

Under the law, any two or more county boards of education, or intermediate school districts as they are now designated, can annex or consolidate.

The term annexation usually means when one large school district absorbs a smaller district that wishes to be annexed. Consolidation refers to mutual desire for two or more districts to combine.

At the annual school election on June 14 voters in Roscommon, Crawford, Oscoda and Ogemaw Counties will decide if the four county intermediate school districts are to be blended into one larger district.

A majority affirmative vote in all of the four counties will be necessary to establish the consolidated district. If any one county gives a majority negative vote, the entire proposed consolidation will fail.

MEMBERS OF the county boards of education of the four counties are unanimously in favor of consolidation and are recommending this to the voters. They adopted a resolution without a dissenting vote March 25, 1965, asking that the consolidation proposal be placed on the ballot this spring.

If the proposition fails to carry in any one of the counties, it is possible to resubmit the proposal at the next regular school election thereafter — in June, 1966. The deadline for state aid cutoff, as the law presently is worded, is June 30, 1966.

More Money at Work in Area

(Special to the Avalanche)

NEW YORK — There is a treasure trove of money on tap in Crawford County, available for the operational needs of business firms and of the local economy in general.

The volume of money in circulation is greater than it has been for a long time. Its size is indicated by the amount on deposit in commercial and savings banks and by the flow of that money as it is put back into the economic stream in the form of loans to individuals and to businesses.

The funds on deposit in Crawford County banks as of the end of the last fiscal year, amounted to \$4,672,000, as against the total two years ago of \$3,550,000.

The findings are by the Federal Reserve System, which has just issued its biennial report on the nation's money distribution, following a survey of all the banks in the country.

TO THE business community, the importance of substantial amounts on deposit in local banks, commercial banks in particular, is that these banks may extend loans up to about five times their required reserves.

The volume of this checkbook money and, therefore, the amount available for financial services to business, agriculture and consumers, is a major factor, the Federal Reserve notes, in determining how well the economy performs.

The demand for bank credit comes from many directions. Consumers want to borrow in order to buy a car or a house, farmers want to borrow to buy seed or tractors, businessmen need money to enlarge their stock in trade or to expand their factories.

The report shows that the \$4,672,000 in Crawford County banks at the year-end consisted chiefly of time deposits (savings accounts) of \$2,106,000 and of \$1,631,000 in demand deposits (checking accounts) of individuals, partnerships and corporations.

In addition to this total there was an undetermined amount of other money in local circulation. This was the cash in the vaults and cash registers of business concerns and the pocket money that people carry around for their current needs.

Chamber of Commerce Minutes

Regular meeting of the Crawford County Chamber of Commerce held 27, May 1965, Frederic Township Hall.

Members Present: Carrol Wert, Chuck Kroll, Sal Truettner, and Manager Earl Longworth. Also present was a group of four Frederic residents.

Members Absent: Melvin Nielson, Marvin Miller, Sandy Thompson, Bill Tufts, Frank May and Billie Forbes.

Meeting called to order at 7:30 p.m. by President Carrol Wert.

Financial Report: In the absence of Secretary Marge Roper, the financial report was given by Earl Longworth and a number of bills totalling \$121.58 were submitted for approval by the Board. Motion by Chuck Kroll and seconded by Carrol Wert that current bills be paid. Mail.

Manager Earl Longworth reported two new members: these being Clement Blaine, Electrical Contractor of Grayling, and the Monarch Motel in Freeland.

A letter from Ralph McMullen, head of the Conservation Dept., outlining the Department's stand on longer Fall extension of fishing seasons was read.

A letter from Dale Sebastian of Station WWTV-9 in Cadillac expressed thanks for cooperation given him in connection with Fred Bear Appreciation Day and offered future assistance whenever needed.

A letter from Fred Bear thanking the Chamber and the Citizens of Grayling for his May 19th Appreciation Day. Also, a letter from Mrs. Bear expressing thanks for the roses presented to her on that occasion.

A letter from Al Stephan of Stephan's Wood Products stating that he did not wish to bill the Chamber for flag staffs obtained from him for use with city flags, banners, etc.

Letter from the EMTA containing a Travel Show report and an invitation to our members to attend a meeting at Herm & Mike's in Prudenville on June 8th for the purpose of laying out a program for the 1966 Travel Show. Our Chamber intends to have representatives at that meeting.

Sports Car Race: Race Chairman Carrol Wert reported this to be a successful venture. The Corps of Engineers indicated their satisfaction and willingness to cooperate in similar future events. From the crowds seen in our eating and rooming facilities, it is certain that Grayling benefited greatly from that weekend. Total cost to the Chamber probably will be under \$150.00. All persons helping out at this event have been thanked by personal correspondence from their Chamber Manager.

Canoe Race Meeting: On May 28th at a meeting in Mio plans were finalized for the 1965 AuSable Valley Canoe Race. Details will be made public soon in a general news release being prepared by Mr. Wayne Clark of Lansing. A check for \$350.00 representing Grayling's share of the race expense is being forwarded to Harry Curley, Oscoda, the chairman for this year's event.

Fourth of July Celebration: Committee Chairman Frank May was not present to report, but through an indirect report to Manager Longworth it appears that all plans are progressing satisfactorily.

Frederic Homecoming: The Frederic citizens present at our meeting report that plans for their Homecoming Celebration, July 25, 26 and 27 are progressing well. Full details will be published in

the Avalanche. Manager Earl Longworth introduced a request for consideration of the purchase of the following materials to be used for more efficient operation of the Chamber Office:

(a) A "new, used" typewriter for the secretary's use—the present one is about ready to give up the ghost.

(b) A mimeograph machine. The Chamber needs quite a volume of reproduced material at various times and having a machine of our own would reduce the burden on Clarence Holcomb and The High School who now are called upon to do all such work for the Chamber.

Chuck Kroll made a motion that the Chamber Manager and his Secretary be authorized to look into sources and costs of the above equipment. Sal Truettner seconded the motion. All Ayes.

Meeting closed 8:30 P.M.

The Price They Paid . . .

Have you ever wondered what happened to those men who signed the Declaration of Independence?

Five signers were captured by the British as traitors, and tortured before they died. Twelve had their homes ransacked and burned. Two lost their sons in the Revolutionary Army, another had two sons captured. Nine of the 56 fought and died from wounds or the hardships of the Revolutionary War.

What kind of men were they? Twenty-four were lawyers and jurists. Eleven were merchants, nine were farmers and large plantation owners, men of means, well educated. But they signed the Declaration of Independence knowing full well that the penalty would be death if they were captured.

They signed and they pledged their lives, their fortunes, and their sacred honor.

Carter Braxton of Virginia, a wealthy planter and trader, saw his ships swept from the seas by the British navy. He sold his home and properties to pay his debts, and died in rags.

Thomas McKean was so hounded by the British that he was forced to move his family almost constantly. He served in the Congress without pay, and his family was kept in hiding. His possessions were taken from him, and poverty was his reward.

Vandals or soldiers or both, looted the properties of Ellery, Clymer, Hall, Walton, Gwinnett, Heyward, Rutledge, and Middleton.

At the Battle of Yorktown, Thomas Nelson Jr., noted that the British General Cornwallis, had taken over the Nelson home for his headquarters. The owner quietly urged General George Washington to open fire, which was done. The home was destroyed, and Nelson died bankrupt.

Francis Lewis had his home and properties destroyed. The enemy jailed his wife, and she died within a few months.

John Hart was driven from his wife's bedside as she was dying. Their 13 children fled for their lives. His fields and his grist mill were laid waste. For more than a year he lived in forests and caves, returning home after the war to find his wife dead, his children vanished. A few weeks later he died from exhaustion and a broken heart.

Norris and Livingston suffered similar fates.

Such were the stories and sacrifices of the American Revolution. These were not wild-eyed, rabble-rousing ruffians. There were soft-spoken men of means

and education. They had security, but they valued liberty more. Standing tall, straight, and unwavering, they pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes, and our sacred honor."

They gave us an independent America. Can we keep it?

In Michigan, after a day's fishing beer's the one... for good taste, good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

KNEFF - POPENHAGEN

WED IN IOWA

The marriage of Miss Lynn M. Knoff, daughter of Mr. and Mrs. Roger L. Knoff of Grayling, to Mr. Jerry O. Popenhagen, son of Mr. and Mrs. Orval Popenhagen of Zearing, Iowa, took place on Sunday, May 30, 1965 at the E. U. B. Methodist Church at Nevada, Iowa. The Rev. Robert Link performed the ceremony. Music was by Miss Irene Dobson, organist.

The bride chose a ballerina-length gown of white lace over tulle with fitted bodice, bow-tied with a satin sash. Her veil of illusion was held by a tiara of pearls and net. She carried a cascade bouquet of white carnations and greens.

Attending the bride was Miss Sandy Popenhagen, sister of the bride-groom, of Des Moines, Iowa.

Lynn was given in marriage by Henry Baris, Zearing, Iowa, a long-time friend of the groom's family, as her parents were unable to attend.

Best man was Mr. Charles Blayney of Hubbard, Iowa.

A reception was held following the ceremony at the home of Mr. and Mrs. Orval Popenhagen.

The new Mrs. Popenhagen is a graduate of Grayling High School, and of Delta-Processing School. She is now employed at the Manufacturers' National Bank in Detroit. Her husband, a graduate of Zearing High School, is presently with the Air Force stationed at Osceola. He is scheduled to go to Viet Nam shortly.

Attend The Church Of Your Choice

THE CHURCH FOR ALL

ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a store- house of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu- larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regu- larly and read your Bible daily.

Part of playing any game is to learn how to settle the inevitable argu- ments. In a league in which nobody has a coin to toss, this is the time- honored method for getting the game started without a squabble. But there are other games to be played, in other leagues. Life for each of us brings many occasions for conflict. And they don't all yield to simple techniques like twirling a bat around one's shoulders with just a couple of fingers.

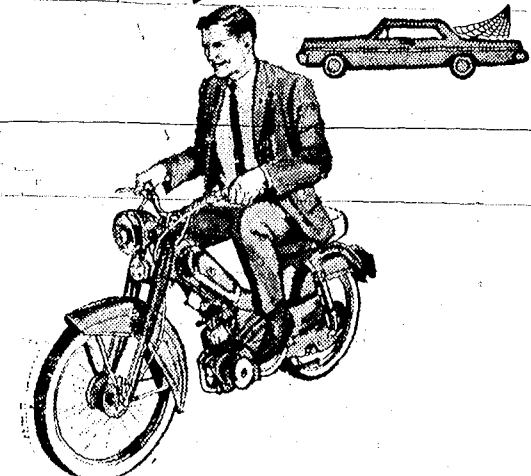

Earnest Christians believe that our faith can point men to the right attitude and action in times of stress. That's why, as we face the conflicts of life, we always hope the other fellow will behave like a Christian. And he's hoping as much of us.

Why not meet him in Church next Sunday? That's where right attitudes often begin.

**harmful
contaminants**

(before they choke your fuel line!)

What does the American FINAL/FILTER really do? Automotive engineers know—they asked for it and American Oil Research developed it to stand between you and trouble. You see, all gasoline picks up tiny impurities in transit and in storage. These impurities, should they get in your gasoline tank, could clog the fuel line filter and stop you cold. The American FINAL/FILTER bars contaminants right at the pump nozzle. If you use your car on the job (and even if you don't) you stay out of trouble when you "fill 'er up filtered" with American, Regular or American, Super-Premium.

You expect more from Standard and you get it!

Once again an inconsiderate some one shot an insulator, this time on the Consumers Power Co. 46,000 volt line approximately 1/2 mile west of the Higgins Lake substation on M-18. The result was Grayling, among other places, was without electricity for about 30 minutes Tuesday morning. The actual repair didn't take long but it took a sizeable crew of men walking the line, driving along the line and even an air plane to spot where the trouble was. In the meantime the toast wouldn't toast, the coffee perk, the tooth brushes brush, the electric cash registers open or anything else work that depended on electricity. So, many people were inconvenienced because of a thoughtless, irresponsible act of one individual.
